

## Multimedia Centres

### WP6. Communication and dissemination of project results

Nine Multimedia Centres were created as part of the EUniAM project.

The Main Centre: **Inter-University Multimedia Centre** (see pictures below) is located in room 205 at the Technical University of Moldova on 168 Stefan cel Mare Street, Chisinau, Moldova.

**Inter-University Multimedia Centre** is equipped with the latest video-conference facilities, including Adobe Connect platform, multimedia projectors, electrical projection screens, multiplexor set, audio-conference system, translating system, smart-boards, LED TV and communication equipment, including microphones, speakers and headsets.

The other 8 Centres are located at the EUniAM project partner universities:

- Technical University of Moldova
- State University of Moldova
- State University of Medicine and Pharmacy "Nicolae Testemitanu"
- Academy of Economic Sciences of Moldova
- State Agrarian University of Moldova
- State University of Balti "Alec Russo"
- State University of Cahul "Bogdan Petriceicu Hasdeu"
- State University of Comrat

These eight Centres are equipped with Polycom real presence systems, multimedia projectors and the tripod screens. All centres are interconnected.

The total cost of the equipment is €220,000; local project partners listed above contributed 10% as co-funding.

**Inter-University Multimedia Centre** is a multi-purpose facility. It can be used for example in teaching, conferences, and teleconferences.

**Inter-University Multimedia Centre** could be used, upon its availability, for academic purposes (teaching, research, knowledge dissemination) by university stakeholders
